RESTRICTIVE AND PROTECTIVE COVENANTS
FOR WESSEX SUBDIVISION

Richard L. Gray and Betty J. Gray, husband and wife,
Dorothy J. Mobley, and Jack Mobley, wife and husband, and
Alvin Gray, and Charleen Gray, husband and wife, being the
fee owners of the following described real property located
in Campbell County, State of Wyoming, the same being the
real property now duly platted as Wessex Subdivision, a
subdivision of Campbell County, as such plat is now recorded
✓ in Book 2 of Plats, Page 53 of the records in
the office of the County Clerk of Campbell County, Wyoming,
hereby make the following declaration as to limitations,
restrictions, and uses to which the lots or tracts constituting
such subdivision may be put, and hereby specify that such
declaration shall constitute covenants to run with all the
land, as provided by law, and shall be binding on all parties
and all persons claiming under them, and for the benefit of
limitations on all future owners in such subdivision, to-
wit:

A. PURPOSE OF COVENANTS

The purpose of these restrictions is to insure the use
of the property for attractive residential purposes only, to
prevent nuisances, to prevent the impairment of the attractive-
ness of the property, to maintain the desired tone of the
community, and thereby to secure to each site owner the full
benefit and enjoyment of his home, with no greater restriction
on the free and undisturbed use of his site than is necessary
to insure the same advantages to the other site owners.

B. AREA OF APPLICATION

B-1. FULLY PROTECTED RESIDENTIAL AREA. The covenants
herein declared in their entirety shall apply to all of
Wessex Subdivision, a subdivision of Campbell County, Wyoming.

C. RESIDENTIAL AREA COVENANTS

L C L C L

(b) No building shall be located nearer than five (5) feet to an interior lot line. No dwelling shall be located on any interior lot nearer than twenty-five (25) feet to the rear lot line.

(c) For the purposes of this covenant, eaves, steps, and open porches shall not be considered as part of a building provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

C-3. EASEMENTS. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting, or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements.

C-4. NUISANCES. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

By way of explanantion, but not limitation, the following is deemed to be a prima facia nuisance condition, to-wit: the storage or accumulation of junk and unoperable vehicles, machinery, building materials, trash and liter and the operation of inadequately muffled motorcycles, cars and other vehicles. For purposes of this covenant a nuisance shall be defined as such terms is understood at Common Law.

C-5. TEMPORARY STRUCTURES. No structure of a temporary character, travel trailer, campers, basement, tent, shack, garage, barn, or other outbuilding shall be used on any lot at any time as the residence of the lot owner either temporarily or permanently.

C-6. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one sign of not more than five (5) square feet advertising the property for sale.

C-7. OIL AND MINING OPERATIONS. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

C-8. LIVESTOCK AND POULTRY. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except that cats, small dogs, or other household pets, not including large dogs or horses may be kept, provided that they are not kept, bred, or maintained for any commercial purpose. Any and all animals kept on any lot shall be maintained in a humane and sanitary manner and shall not be allowed off of said lot except under the control of the owner.

C-9. GARBAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste shall not be kept except in sanitary containers and such containers shall be emptied at least

once each week. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition.

C-10. WATER SUPPLY. No water-supply system shall be permitted on any lot except the overall system operated by the Homeowner's Association in accordance with the requirements, standards, and recommendations of Campbell County, Wyoming, unless approved by the Homeowner's Association. Approval of any and all systems as installed shall be obtained from such authority.

C-13. FENCES. Each lot may be separated from nonsub-division land by a fence. Any and all fences constructed in this subdivision shall be of sufficient size and strength to keep commercial livestock out of the subdivision and to keep those animals which lot owners may maintain on their lots within the confines of said lot. Each lot owner shall maintain the fence on his lot, provided that if all lot owners agree, then responsibility for maintaining a perimeter fence adequate to fence commercial stock out of the subdivision may be assigned to the Wessex Subdivision Homeowners Association which may charge a reasonable fee to each owner to pay for the maintenance of said fence.

Fences will be of a high quality to preserve the tone

of the subdivision and therefore barbwire fences are not permitted, except for the perimeter fence.

C-14. ACCESS. Every lot shall have access to the abutting subdivision road by means of a drive, which shall be graded and shaled. All access drives shall be a minimum of 18' (eighteen feet) in width and shall include a culvert where needed to assure drainage along the subdivision road which culvert shall be a minimum of 12" (twelve inches) in diameter and constructed so as to conduct water under the drive along interior roads.

C-15. UTILITIES. All utilities, whether public or private shall be installed in a safe and workmanlike manner so as to maintain the scenic nature of this subdivision.

All covenants shall remain in full force and effect indefinitely if they are not specifically amended by the procedure above described. The amendment of one covenant shall in no wise affect any other covenant.

D-3. SEVERABILITY. Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.
