Section 1. Development and Withdrawal Rights. The Declarant expressly reserves the right to construct the condominium units in a phased construction manner, said condominium units to be located in the proposed buildings together with the phased construction of the general common and limited common elements on all or any portion of the Real Estate. The Declarant expressly reserves the right to partition or subdivide a condominium unit prior to its being conveyed to third parties. The Declarant may exercise its phased construction development rights on all or any portion of the Real Estate in whatever order the Declarant, in its sole discretion, determines. The consent of the existing condominium unit owners or mortgagees shall not be required for such development construction (including any partition or subdivision of a condominium unit prior to it being conveyed to third parties) and the Declarant may proceed with such construction without limitation at its sole option.

The Declarant expressly reserves the right to withdraw all or any portion of the Real Estate from the provisions of these Declarations by recording a document evidencing such withdrawal in the offices of the Campbell County Clerk for Campbell County, Wyoming, provided, however, that no building or applicable portion of the Real Estate may be withdrawn after a condominium unit within that building has been conveyed to a purchaser. The property withdrawn from the

provisions of these Declarations shall be subject to whatever easements, and rights of ingress and egress, if any, are reasonably necessary for access to or operation of the remaining Development.

Section 2. Allocation of Interest in General Common and Limited Common Elements and Expenses. As the Declarant completes the phased construction of buildings provided for and the individual condominium units within said buildings and at such time as these individual condominium units are suitable for occupancy as determined in the sole discretion of the Declarant, the Declarant shall have the right to record a supplement to this Declaration setting forth the specific condominiums that are ready for occupancy. The approval or signature of no other person, entities, or condominium unit owners shall be required to such amendments to these Declarations or supplement the accompanying Plat. The allocation of these condominiums of an undivided interest in the general common and the limited common elements and the pro rata obligation of expenses to maintain the general common elements and the limited common elements among the total number of condominiums constructed at the time of such Supplement may initially be determined by the Declarant at the time of such Supplement and certified by the Declarant to the Campbell County Tax Assessor pursuant to Section 34-20-101 of the Wyoming Statutes Annotated 2001, as amended. The Declarant or the Board of Directors of the Association shall have the right to reallocate such interest from time to time as the phased construction of the buildings provided for is completed. These allocated and reallocated interests in the general common elements and the limited common elements, as the Development may be expanded from time to time, shall be based upon the relative square footage of each of the condominium units to the total square footage of all condominium units completed in the Development, from time to time, and/or on such other information as the Declarant or the Board of Directors of the Association shall reasonably determine to be relevant to the allocation or reallocation. The Declarant shall certify to the purchaser of any condominium unit, at the time of said purchase, the specific allocated or reallocated interest in the general common and limited common elements appurtenant to the purchaser's condominium unit and thereafter as additional condominium units are constructed, the Declarant or Board of Directors shall certify to the owner of each condominium unit such reallocated interest as may be applicable from time to time.

Section 3. Supplement of the Plat. Declarant shall, contemporaneously with the amendment of the Declaration, file a supplement to the Plat showing the location of additional improvements constructed on the Development

Section 4. Recording of Supplements. Recording of amendments to the Declaration and supplements to the Plat in the office of the County Clerk for Campbell County, Wyoming, shall automatically:

A. Vest in each existing condominium unit owner the allocated or reallocated undivided interests in the general common and limited common elements appurtenant to his condominium unit; and,

B. Vest in each existing mortgagee a perfected security interest in the reallocated allocated interests appurtenant to the encumbered condominium unit.

All conveyances of condominium units shall be effective to transfer an undivided interest in the general and limited common elements as the same may be allocated or reallocated from time to time hereafter in accordance with these Declarations, whether or not reference is made to any amendment to the Declaration or supplement to the Plat. Reference to the Declaration and Plat in any instrument shall be deemed to include all amendments to the Declaration and supplements to the Plat without specific reference thereto.

Section 5. Construction Easement. Declarant expressly reserves the right to perform warranty work, repairs and construction work, and to store materials in secure areas, in condominium units, and in general common elements, and the future right to control such work and repairs, and the right of access thereto until its completion. All work may be performed by Declarant without the consent or approval of any condominium unit owner or mortgagee. Declarant has such an easement through the general common elements as may be reasonably necessary for the purpose of discharging Declarant's obligations and exercising Declarant's reserved rights in these Declarations. Such easement includes the right to construct underground utility lines, pipes, wires, ducts, conduits, and other facilities across the Real Estate for the purpose of furnishing utility and other services to buildings and condominium units to be constructed on the Real Estate. Declarant's reserved construction easement includes the right to grant easements to public utility companies and to convey improvements within those easements anywhere in the general common elements not occupied by an improvement containing condominium units.

Section 6. Transfer of Development Rights. Any right of the Declarant

reserved under this Article may be transferred to any other person or entity by an instrument describing the right transferred and recorded in Campbell County, Wyoming.

## ARTICLE 6. CONDOMINIUM UNITS

Section 1. Identification of Condominium Units. The identification name of each condominium unit shall be as set forth on the Plat as supplemented from time to time. Each condominium unit shall be so described and set forth, with its dimensions, on a Plat which shall be recorded, referencing these Declarations, from time to time, as the condominium units are constructed by the Declarant and as they are conveyed to third parties or otherwise developed for occupation by third parties.

Section 2. Condominium Unit Boundaries. The boundaries of each condominium unit are located as shown on the Plat, as supplemented from time to time, and are more particularly described as follows:

- A. Walls, floors, and ceilings are designated as boundaries of a condominium unit. All lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint and finished flooring and any other material constituting any part of the finished surfaces thereof are a part of the unit, and all other portions of the walls, floors, or ceilings are a part of the general common elements; and,
- B. If any chute, flue, duct, wire, conduit, bearing wall, bearing column, or other fixture lies partially within and partially outside the designated boundaries of a unit, any portion thereof serving only one or more, but fewer than all, the units is a limited common element allocated solely to units so served, and any portion thereof serving any portion of the general common elements is a part of the general common elements.
- C. All sewer, storm sewer, water, gas and other utility lines, whether located within or outside the boundaries of the development of the Real Estate are considered common elements and shall be maintained as such.

Section 3. Subdivision of Condominium Units. Except as otherwise provided in this Declaration, a condominium unit may not be subdivided into two or more units without the approval as required in Article 3 above.

Section 4. Mandatory Membership in Association. It shall be mandatory for each condominium unit owner to be a member of the Association and the acceptance of a deed to a condominium unit shall be deemed to constitute membership in the Association and an agreement to comply with its by-laws and these Declarations.

**ARTICLE 7.  
COVENANT FOR GENERAL COMMON AND LIMITED COMMON  
EXPENSE ASSESSMENTS**

Section 1. Creation of Association Lien and Personal Obligation to Pay Common Expense Assessments. Declarant, for each condominium unit, shall be deemed to covenant and agree, and each condominium unit owner, by acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, shall be deemed to covenant and agree, to pay to the Association the general common and limited common expense assessments or fines for parking violations as provided in the bylaws.

The general common and limited expense assessment of the Association shall be a continuing lien upon the condominium unit against which each such assessment is made. A lien under this Section is prior to all other liens and encumbrances on a condominium unit except: (1) liens and encumbrances recorded before the recordation of the Declaration; (2) liens for real estate taxes and other governmental assessments or charges against the condominium unit and (3) the lien of a first mortgage of record on any condominium unit made in good faith and for value. The Association shall have the right to proceed to recover sums for which this Section creates a lien, including the right to foreclose said lien by instituting the appropriate action in Campbell County, Wyoming seeking foreclosure of said lien and such other relief that may be appropriate, including the right to recover all expenses and fees, together with reasonable attorney fees, incurred by the Association by reason of the condominium unit owner's failure to pay such charges. In addition to the foregoing, the Association shall have all of the rights and remedies as provided by its bylaws, and those provided at law or in equity for the foreclosure and enforcement of said lien. No sale, conveyance, transfer, or foreclosure, or any proceedings in lieu thereof shall relieve any condominium unit from the continuing liability for any common expense assessment or charge, or for any lien therefor.

Section 2. Apportionment of General Common and Limited Common Expenses. General common expenses and limited common expenses shall be assessed against all condominium units in accordance with their percentage interest in the general common and limited common elements as determined by the Board of Directors of the Association which shall be pro rata based upon the size of the condominium unit as applied to the size of the general common and limited common elements.

Section 3. Purpose of Any Assessments. The assessments levied by the Association through its Board of Directors shall be used to maintain, repair and replace the general common and limited common elements to purchase and maintain liability, casualty loss, and other insurance for the Development (including all units), to generally administer the limited and general common elements, and to promote the general safety and welfare of the owners of the condominium units within the Development

Section 4. Assessment Dates and Commencement of Assessments. The general common and limited common expense assessments shall be made on a monthly, quarterly or annual basis against all condominium units as the Board of Directors of the Association shall determine and shall be based upon the Association's projected need for expenses necessary to provide for the administration and performance of the Association's duty during the assessment year, including maintenance, repair and replacement of the general common and limited common elements. Provided; however the Declarant or Board shall have the power to assess an emergency assessment in the event a situation arises where it is needed to protect the general common and limited common elements from imminent damage or harm. The general common and limited common expense assessment shall be paid and collected in the manner as determined by the Board of Directors of the Association. The general common and limited common expense assessment shall begin on the first day of the month in which the conveyance of a condominium unit occurs to a third party from the Declarant.

Section 5. Effect of Non-Payment of Assessments. Any assessment, charge, or fee provided for in these Declarations, or any monthly or other installment thereof which is not fully paid within ten (10) days after the due date thereof shall bear interest at the rate of 15% per annum, and the Board of Directors and the Association may assess a late charge thereon. Further, the Association pursuant to its bylaws and these covenants may bring an action at law or in equity, or both, against any owner

personally obligated to pay such overdue assessments, charges or fees, or monthly or other installments thereof, and may also proceed to foreclose its lien against such owner's condominium unit. An action at law or in equity by the Association against an owner to recover a money judgment for unpaid assessments, charges or fees, or other installments thereof may be commenced and pursued by the Association without foreclosing, or in any way waiving, the Association's lien therefor.

Section 6. Working Fund. The Association or Declarant may require the first owner of each condominium unit (other than Declarant) to make a non-refundable payment to the Association in an amount equal to one-fourth of the annual general common and limited common expense (projected or actual) against that condominium unit in effect at the closing thereof, which sum shall be held, without interest, by the Association as a working fund. Said working fund shall be collected and transferred to the Association at the time of closing of the sale by Declarant of each condominium unit, as aforesaid, and shall be maintained for the use and benefit of the Association. Such payment shall not relieve any owner from making regular payments of assessments as the same become due. Upon the transfer of his condominium unit, an owner shall be entitled to a credit from his transferee for any unused portion of the aforesaid working fund. If the annual general common and limited common expense assessment increases, the Association may require not less than all condominium unit owners to increase their working fund to equal one-fourth of the annual general common and limited common expense assessment.

Section 7. Fund for Maintenance. Repairs and Replacements. General common expense assessment shall include an adequate reserve fund for maintenance, repairs, and replacements of the general common elements that must be periodically maintained, repaired, or replaced. The assessment for this fund shall be payable in regular installments rather than special assessments.

Section 8. Notification of Default to Lender. A first mortgagee, upon request, shall be entitled to written notification from the Association of any default in the performance by any condominium unit owner of any obligation under these Declarations not cured within 60 days.

#### ARTICLE 8. LIMITED COMMON ELEMENTS

Section 1. Limited Common Elements. A "limited common element" means a

portion of the general common elements for the exclusive use of one or more but fewer than all of the condominium units. The limited common elements, as well as the general common elements, shall be those as defined in the Act and as may be set forth in these Declarations and on the map or plat. In addition to those limited common elements as may be set forth on the plat or map, the following shall be designated limited common elements:

Storage areas, sidewalks, stairways leading to more than one condominium unit, other such areas as the Board of Directors may direct, from time to time which for example may be any area where a failure of construction affects only one building in the development.

Section 2. Allocation of Specified Limited Common Elements. The Declarant or the Board of Directors may allocate or reallocate specific undivided interests to the condominium units in the general and limited common elements from time to time as said condominium units are constructed. In addition, the Board of Directors may designate parts of the general common elements from time to time for use by less than all of the condominium unit owners or by non-owners for specified periods of time or only those persons paying fees or satisfying other reasonable conditions for the use that may be established by the Board of Directors. Any such designation by the Board of Directors shall not be a sale or disposition of such portions of the general common elements.

Section 3. Maintenance, Repair and Replacement of Limited Common Elements. The owner of a condominium unit to which a limited common element is allocated shall be responsible for removal of snow, leaves and debris therefrom. Any common expense associated with the maintenance, repair, or replacement of a limited common element shall be assessed equally against the condominium units to which the limited common element is assigned as determined by the Declarant or Board of Directors.

#### ARTICLE 9.

#### ALLOCATED INTERESTS OF GENERAL COMMON ELEMENTS

Section 1. Allocated Interests. The undivided interest in the general common elements, the liability for the common expense assessment, and votes in the Association, subject to the terms of the bylaws) allocated to each condominium unit shall be based upon the relative square footage of each condominium unit to the total

square footage of all condominium units constructed in the Development, from time to time as the phased construction of the Development is completed. The Declarant or the Board of Directors shall certify to the owners of said condominium units and to the Campbell County Tax Assessor the specific allocated or reallocated undivided interest of each condominium unit in the general common elements, from time to time as the condominium units are constructed. Such allocated undivided interests are subject to reallocation as provided elsewhere in these Declarations. All allocations and reallocations shall be determined by the Declarant or the Board of Directors in accordance with these Declarations, the by-laws of the Association, and other applicable rules and regulations of any governing body or authority.

In addition, each condominium unit shall have the right to be placed upon it a sign on the exterior of said condominium unit advertising the business within, said sign to be single "back lighted" letters and in conformity with any sign regulations established by the by-laws of the Association, as amended from time to time. However, no suspension of voting rights shall affect the rights of first mortgagees to vote pursuant to a proxy granted in connection with a mortgage recorded in Campbell County, Wyoming. In addition, the Association shall have the right to seek any and all money damages occasioned by the violation and to seek injunctive relief, without posting bond, to enjoin violations and shall be entitled to recover all of its costs of litigation, including, without limitation, attorney's fees, deposition costs, witness lodging and traveling expenses, and any other expenses related to the investigation and prosecution of any litigation.
